Re: George Soros – The Enemy Within!

It is no longer acceptable that the activities of George Soros go unabated, inflicting extraordinary harm on this nation.

By financing the proliferation and legalization of marijuana and illicit drugs, he undermines the government and inflicts more death, destruction and economic harm on Americans than all events in modern history. He should be treated no differently than anyone who finances acts of terror against citizens of the U.S.

Now revealed, his subversive acts of funneling money through non-profits fueled the Ferguson civil disorder and caused insurrection and rebellion throughout the U.S., all based on lies and propaganda. He is guilty on all counts of treason and sedition, as defined below:

TREASON

- 1) A crime that undermines the offender's government
- 2) Disloyalty by virtue of subversive behavior
- 3) An act of deliberate betrayal

SEDITION

- 1) An illegal action inciting resistance to lawful authority and tending to cause the disruption or overthrow of the government.
- 2) The organized incitement of rebellion or civil disorder against authority or the state.
- 3) Insurrection or rebellion

To become a naturalized U.S. citizen, he took an oath stipulating “.....*I will support and defend the Constitution and laws of the United States of America against all enemies, foreign or domestic; that I will bear true faith and allegiance to the same.....*” He has violated his oath. At a minimum his citizenship should be revoked.

As members of Congress, it is essential that you fulfill your oath to protect the American people from further harm caused by the actions of George Soros, number one domestic enemy of the United States.
